PROFILE SUMMARY

Frontend Developer with strong skills in React.js, Tailwind CSS, and JavaScript. Currently interning at Ducat Noida, working on MERN stack projects like Food App, Weather App, and AI Chat App. B.Tech in Computer Science (2024) from Quantum University. Passionate about building clean, responsive, and user-friendly web interfaces.

WORK EXPERIENCE

Ducat Noida   FEB 2025 PRESENT
Frontend Developer Intern

- Developed and maintained responsive web interfaces using React.js, JavaScript, and Tailwind CSS.
- Built real-world applications including a Food App, Weather App, AI Chat App, and personal Portfolio Website.
- Integrated RESTful APIs and managed state effectively using Redux for scalable performance.

PROJECTS

1. Food Delivery App
- React.js, Tailwind CSS, Redux, Node.js, MongoDB
- Built a responsive food ordering platform with dynamic menus and cart functionality.
- Implemented RESTful APIs for user data and order management.

2. AI Chat App
- React.js, OpenAI API, Tailwind CSS
- Created an interactive AI chatbot interface using OpenAI's API.
- Added typing animation and styled UI for a real chat-like experience.

3. Personal Portfolio Website
- React.js, Tailwind CSS
- Designed and developed a fully responsive portfolio showcasing skills, projects, and contact form.
- Implemented dark/light mode and smooth scroll navigation.
